FAQs

Please note: We are looking into potential changes to our current master schedule. We are unsure at this time how this will affect our Related Arts options; therefore, we are asking for broad information on student preferences and have listed all RA courses that are not a full year as a "rotation."

- ALL students will take Physical Education (PE) on an every other day basis all year.
- Students may be assigned to an academic intervention class based on academic data & state requirements. This would replace a related arts class.
- Students who qualify for world language (through the MLAT-E taken in February 2019 or through honors ELA qualification) may take French or Spanish, both high school credit courses. This would replace a full year related arts course & is a 2 year commitment.
- The related arts classes are chosen based on student preference, course availability, & schedule flexibility.

For questions regarding Related Arts courses, please contact the appropriate teacher(s):
