### FAQs

*\*\*Please note: We are looking into potential changes to our current master schedule. We are unsure at this time how this will affect our Related Arts options; therefore, we are asking for broad information on student preferences and have listed all RA courses that are not a full year as a "rotation."\*\**

- ALL students will take Physical Education (PE) on an every other day basis all year.
- Students may be assigned to an academic intervention class based on academic data & state requirements. This would replace a related arts class.
- Students enrolled in Spanish or French will continue as 8<sup>th</sup> graders. This will again replace a related arts class.
- The related arts classes are chosen based on student preference, course availability, & schedule flexibility.

**For questions regarding Related Arts courses, please contact the appropriate teacher(s):**
